

# Coffee Maker Instructions

**Step 1:** Fill coffee pot with desired amount of **COLD** water. Water level marks are stamped into the side of the pot.

**Step 2:** Wet the filter basket and add coffee grounds (see chart below for amount of coffee grounds). Mark sure the stem is set into the center well in the pot.

**Step 3:** Put cover on and place pot on stable, level surface.

**Step 4:** Plug coffee pot into standard 100 electrical outlet. DO NOT USE EXTENSION CORDS or plug into plug that has other heating/cooking devices plugged into them.

**Step 5:** After coffee has finished brewing (the “serve” light will go on), carefully remove hot basket. The pot’s warmer will keep the coffee hot.

**Brewing Time:** Approximately 1 minute per cup of coffee.

## Coffee Chart

# of Cups	Coffee Measure
30	2 cups
42	3 cups
60	3.5 cups
100	6 cups

\*1 pound of coffee is equal to 4.75 cups of ground coffee

**\*Never immerse coffee pot in water! Simply rinse our coffee pot and basket before returning**
